"Golf is my happy safe place and I take so much from OCF events - little bits of coaching to improve my golf but more importantly camaraderie, friendship and banter. It's saved my life."

Simon Auckland served as a Corporal in the Adjutant General's Corp but left because of a Tracheostomy in situ due to complications during routine surgery.

"OCF events have given me motivation in life after the end of my military career. Thank you for helping me pursue a career in golf and for getting me back playing the game I love."
